Steve,

IMT LNO informed me that you are imbedded with FEMA so I am just looking to confirm that the FEMA map I have provided is the most up to date declared counties map. I pulled the map from the FEMA website (<https://www.fema.gov/disaster/4332>).

Thanks

Dan

Subject: Re: Data Layers for the Viewer and Story Map

Can you define resource locations.

I will get with unified command about the branch boundaries, I will get with the liaison to work with FEMA to make sure that the map on the FEMA website is up to date for declared counties. I am hoping that between the layer Cody provided layer and Steve Masons information we can clarify the appropriate EOC locations.

Can you guys talk between yourselves and your EPA leads to finalize the following layers and get to me asap.

<!--[if !supportLists]-->1. <!--[endif]-->Resource Locations

<!--[if !supportLists]-->2. <!--[endif]-->EOCs

<!--[if !supportLists]-->3. <!--[endif]-->Branch Boundaries

<!--[if !supportLists]-->4. <!--[endif]-->Counties with all the different type of declarations known to man.

Lara I also need the latest NPL mxd and supporting data.

Thanks.
